

PCC PROFESSIONAL
COST
CONSULTANTS

The Cost Consultancy of Choice

Consistently Creating Added Value

Established in 1995, PCC is a **specialist provider of quantity surveying and project control services**. From inception through to commissioning of projects, our team of experts ensure our clients enjoy return on investment.

With **more than 130 staff** strategically placed worldwide, the PCC teams operate from offices in:

-  Perth and Brisbane, Australia
-  Johannesburg and Western Cape, South Africa
-  Gaborone, Botswana

-  North Bay, Canada
-  Newark, Delaware, USA
-  Monrovia, Liberia

Building Lasting Relationships

We treat our clients' money with the same care and consideration as we would our own. PCC partners with clients to **establish accurate and reliable cost management** at the onset, ensuring the financial health of all investments – from large scale, complex projects to smaller, stay in business (SIB) project portfolios.

With a focus on **integrated independence**, we seamlessly manage relationships between clients, their principal consultants, and contractors with absolute transparency and total personalised service.

Bespoke Expertise

PCC's vast knowledge, expertise and experience empowers us to identify critical pathways and activities that deliver financial accuracy, clarity, and confidence, ensuring customer satisfaction.

 Fostering financial health and project success since 1995
